Four beautiful sisters. Four dark secrets. They live separate and secluded lives amidst family and friends all of whom share the mysterious ability to pass as human but with the magical ability to shift at will and become wolves. And then there is a special gift, possessed by each of the sisters; one that is secret at first even from themselves. When brought together they have power that can affect everyone who lives on planet Earth. But someone has plans to turn their gifts to evil ends. *I have made some page layout adjustments and a couple of grammar/spelling changes in the paperback edition* An external review is available at <http://jazzmostly.com/daughters-of-the-moon>.
