“A tale of raw sexual experience, described in explicit detail” The story reveals how life changes can sometimes be triggered by salacious seductions and lustful self- gratification. Some of the least suspected individuals can be capable of relationships that would bring shock and embarrassment if they were exposed within the public domain. Physical attractions are powerful emotions to suppress, and passionate encounters can occur, when they are least expected. Sensuality is a feminine thing, and often there are those who are driven by a bisexual orientation. There can be situations where temptations become uncontrollable, and pleasures of the flesh dictate certain activities. Often, vulnerable individuals are taken advantage of, when they face uncompromising approaches, where to refuse would conflict with their innate desires. The story told here, involves some incredible life changing occurrences, brought about purely by natural feelings and allurements of the human body. Salacious seductions may shock some readers, who would never have imagined that such secrets could have been hidden from the knowledge of innocent minds.
