Travel Deals & Bargains: Gaming The System To Win Kip Koehler

Travel is something we probably all aspire to engage in, but only a few of us can take on this adventure with some regularity. The gist of this booklet is to demonstrate how the average traveler can find their place in the sun, so to speak, by finding and taking good advice. And it is within these pages that I hope to offer a modicum of that advice for the benefit of all with a spirit of adventure. While reading this material was not designed to make you rich, it is intended to make you less poor and better informed about how to accomplish that. So the punch line is that having knowledge of the system, along with the application of a little effort, can bring about reasonable rewards when it comes to uncovering and utilizing travel benefits that do exist. While some of the opportunities may seem to be unethical, none of them are illegal. In addition, a good number of them are heavily promoted to the public.
