This first comprehensive book on new age music shows why some people think it's the first significant new musical genre since rock and roll. The book presents an historical overview, musical analysis, stylistic tips and techniques, an exclusive interview with such foremost new age artists as Pierre Bensusan, Brian Eno, Alex de Grassi, Michael Hedges, Jean-Luc Ponty, George Winston, and others. New Age Musicians demonstrates the high-seriousness of these musicians' art and craft, and why new age is the fastest-growing category of new musical expression today.
