The thrilling new follow up to the new adult bestseller *Me, Cinderella?* by New York Times and USA Today bestselling author Aubrey Rose!

Happily ever after is just what they say in books. Real life is MUCH more complicated.

Brynn can't believe her good luck. Her Cinderella story continues as she finds herself studying math in a castle on the edge of a Hungarian forest. However, no fairy tale lasts forever, and a letter about her mother's death opens up a whole new world of nightmares...

Eliot, finally back in Hungary, is haunted by the lie he told ten years ago to protect his family. Now he finds that he can no longer hide his dark past from Brynn, and time is running out to finish his life's work in mathematics.

The problem that neither one of them can solve is this:

Once broken, can two shattered lives ever be made whole again?
