Can You Survive This Much Democracy?

Plato's Republic meets *Person Of Interest* in this corporate-owned world.

Vatos has a job to do, and that job is relatively simple. He just has to keep the Prime Minister alive. But what can he do when the very system of the government is killing every Prime Minister who fails, one after another?

Do you want to know what's next for the stoic and confused Vatos? Do you wanna meet Kallipolis? Then read this short introduction to a major event in the god complex universe.

What is the god complex universe?

The gods are back in town. Skyscrapers pop out of nowhere all over Athens. Corporations rename themselves as Greek gods. It all started with the Greek crisis of 2009 and will forever change the world as we know it.

Some say that CEO's have gone mad. Others, that they know damn well what they are doing. That there is something solid amongst the myth. In the day of inter-connectivity and social media admiration, can the myths come back to life?

From ScifiSelect: "Inspired by Dan Simmons' Ilium, this fast-paced world blossomed into dozens of intertwined stories spanning all subgenres, from mystery to action to young adult and is certain to keep you at the edge of your seat."

What happens when a corporation gets a god complex? Find out in our series of books on Kindle. Described as light cyberpunk, definitely sci-fi and with a fresh twist on Greek mythology.
