When southerner Dr. Jenna Harper arrived in a small town in New England, she only had one thing on her mind. She wanted a new start for herself. She wanted a place to settle down and start her career. Dr. Harper was soft-spoken, but she had a hard shell around her heart. She had completely closed herself off from love and threw herself 100% into her work. She believed that was one of the things that had gotten her to the top of her field so quickly. Little did she know, the fortress she had built around her love life was about to be crushed by someone she would have least expected, another woman. Kristen Fletcher awakens thoughts and desires within Dr. Harper that she had never known existed. Unfortunately, Dr. Harper has no idea how long she will be in town. She has to battle the conflict of pursuing her newfound love or staying grounded in the reality that she may have to leave soon.
