## **A hot body will only take him so far...**

Theo Cooper just wants to find his place in life, but despite his outer veneer of confidence, he's filled with doubts about whether he can truly find happiness. A homophobic father and an ex-fiancé who likes to sleep around have shaken his faith in himself. Walking in on his ex in bed with Theo's replacement is the last straw, and now Theo is ready to do whatever it will take to scrape together the cash for a new place to live.

## **Self-doubt keeps holding him back...**

Elliot James is too shy, too smart, and too socially awkward to do anything about his desire to meet a man. So far, his best friend, wealthy socialite Brianna LaFontaine, is the only person he's had the courage to come out to. Despite her best efforts to push him out of his comfort zone—which is behind a computer screen—he has successfully avoided any chance of finding love.

## **When a mutual friend pushes them together...**

Brianna cares about her friends, and when Theo won't take the money she offers to get him out of his financial mess, she comes up with a simple proposition: help shy Elliot break out of his nervous shell to experience one night of passion, and Theo can name his price. It's the answer to Theo's money problems and an easy way for some fast cash. But one night brings both men more than they expect, and leads both to wonder...

## **Is it possible to fall in love after Just One Night?**

*Just One Night is a steamy gay romance with a happily-ever-after ending and no cliffhangers.*
