## **Phoenix Quest Adventures: First Three Novels** K.T. Tomb

Box set of the first three #1 bestselling "Phoenix Adventures" novels, including:

### THE HAMMER OF THOR

Phoe, an amateur archaeologist and collectibles shop owner, is hired by her wealthy client to seek and retrieve the legendary Hammer of Thor. She doesn't know if the artifact even exists, but, like her movie idol, Indiana Jones, she can't resist going on the quest for this compelling artifact. Unfortunately, she needs to drag the client's inept son, Jonathan, on the adventure. Also joined by her childhood nemesis, Peter, the quest for the Hammer of Thor takes them to several countries and deep into underground danger, danger that will force her to rely on everything she knows about ancient history and Norse mythology, in order to follow the clues. However, there's a group of modern villains who would also love to get their hands on the hammer. And they are hot on her tail. It's an exciting race into Phoe's most challenging treasure quest, complete with hand-to-hand combat with the bad guys and feats of insane bravery.

### THE SPEAR OF DESTINY

In the second novel of a new treasure-hunting series, Phoe, an amateur archaeologist and collectibles shop owner, is hired by her wealthy client to find her own brother, who went missing years ago when he was on a quest for the Spear of Destiny. Find her brother and thus, find the Spear? No, it won't be that easy. The search again takes Phoe to Germany and two bumbling C.I.A. agents join her team. Unfortunately, some villains and the German state police are hot on her tail. And is her brother, Eric, her friend or her foe? And what does her mother have to do with all this? It's an exciting race to the Spear of Destiny...

### THE LAIR OF BEOWULF

Is someone out to get Phoe? In the third exciting novel of this treasure-hunting series, Thalia Phoenix (aka Phoe), who is an amateur archaeologist, is at an impasse when Simon Kessler wants her to find Beowulf's lair. Convinced that the Beowulf myth is nothing but an ancient poem, she refuses. Instead, Peter takes the mission. When Peter bungles the job, Phoe, Peter, Jonathan and a computer expert named Kadan get swept up into something dangerous and compelling, something no human has ever experienced. The mythology of Beowulf and Grendel collides with technology when Kadan reveals intriguing information about another Beowulf - a software and hardware combination that delivers experiences beyond anyone's wildest dreams. Unfortunately, Kadan has only a short time to come up with the game changer that could save them. Meanwhile, the Phoenix Quest team is battling for their very lives. The dangers in the mythical poem could become their new reality and the clock is ticking.

**\*\*Acclaim for K.T. Tomb\*\***
