SURVIVAL SIGNS OUTDOOR POSTERS (40 SIGNS) Janie Haugen-McLane

SURVIVAL SIGNS POSTERS sets are double-sided posters covering 80 common signs found both inside and on the outside of buildings such as schools, workplaces, stores, malls, office complexes, private homes, hospitals, and doctors' offices. PCI has authentically reproduced these signs to represent as closely as possible the actual signs found in the community. Many of the signs reflect the colors individuals need to know for safety reasons (e.g., red for danger, yellow for caution, etc.). The large (9" x 12"), full-color signs are printed on heavy card stock and are ideal for inclusive teaching settings and peer-buddy groups. They feature international graphic symbols to assist individuals who have limited reading skills in learning to identify them. The posters also make learning easier for visual learners. The posters are appropriate for use with prekindergarten and kindergarten students; elementary-age school students of all abilities; middle and high school students with developmental disabilities; adults with developmental disabilities; middle and high school students with learning differences; adults in "life skills" reading programs; and all ages in ESL/ELL classes. CONTENTS - A reproducible Pre/Post Test Assessment is included with the teacher instructions in each set. OUTDOOR SIGNS POSTER SET - This set assists individuals in recognizing survival signs they need to know when walking in their neighborhood or community, helping the driver of a vehicle watch for directional signs, crossing parking lots, walking to a bus stop, walking to school, and riding a bicycle. The signs are arranged from 1 through 40 in alphabetical order for ease of use.
